Moved By: Councillor Hill

Seconded By: Councillor Davies

That the minutes of Regular Business Meeting of City Council held on January 26, 2015, be approved.

For His Worship the Mayor, Councillor Clark, Councillor Davies, Councillor Hill, Councillor Iwanchuk, Councillor Jeffries, Councillor Lorje, Councillor Loewen, and Councillor Olauson

CARRIED UNANIMOUSLY

5. PUBLIC ACKNOWLEDGMENTS

6. UNFINISHED BUSINESS

7. QUESTION PERIOD

7.1 Parking Pay Stations (Councillor D. Hill)

Councillor Hill asked if the prepay function for start time at 9:00 a.m. is operational for those citizens that arrive at a pay station prior to 9:00 a.m.

General Manager, Community Services Department Grauer indicated that this function has been fixed.

Councillor Hill further asked if there is an option similar to Vancouver, where a citizen can prepay for next-day parking if they know they will be leaving their car at a pay station overnight. Mr. Grauer indicated that this is not currently an option, and that it is his understanding this can be added.

7.2 Archived Information on New Website (Councillor P. Lorje)

Councillor Lorje indicated that she has received complaints from the public that various links that included past Council reports cannot be accessed. She asked why the former links to various reports were not migrated to the new website and how this will be rectified in order to provide ease of access to information for the public.

General Manager, Corporate Performance Gryba indicated that it takes some time for search engines to "crawl" to allow the search engines to pick up the new information on the website and understands that this should now be caught up.

Regarding past reports, Ms. Gryba indicated that analytics show reports older than two years did not receive many access hits and the archived information was taking up a large amount of space. In order to manage the amount of space being used, it was determined that access be provided to archived documents for up to two years based on the analytics.

Councillor Lorje expressed concern regarding public access to historical records and the ease of finding it on the website. Ms. Gryba explained that information is provided differently on the new website versus the old website, and that analytics are now able to determine how people are using the new website. It is being monitored to determine how information is posted on the website.

7.3 Public Safety at Saskatoon Square (Councillor P. Lorje)

Councillor Lorje indicated that she received a notice provided to the tenants of Saskatoon Square regarding implementation of a "Safe Walk" program due to concerns of people loitering around the building and in the stairwells of the parkade. She asked if this is related to the policy of the Police Service to divert people (suffering from substance abuse or mental health issues) from cells and what discussions have been held by the Police Commission on this matter and what the City is doing to encourage people to access treatment facilities.

His Worship Mayor Atchison indicated that there are Community Support Workers downtown and if the Police Service has a report of people who are intoxicated, the Police Service does dispatch vehicles. If no criminal activity is occurring, they are taken to the appropriate treatment facility versus a police cell. Councillor Lorje further asked if the Police Service could provide more assistance in finding more immediate access to treatment. His Worship indicated that citizens should write to the Board of Police Commissioners if they believe they are not getting proper Police service.

Councillor Hill, as a tenant of Saskatoon Square, indicated that he received the notice and expressed caution to draw the parallel and connection directly related to homelessness and addiction issues. The notice outlined the circumstances of the incident and that it was being handled.

7.4 Yarrow Youth Farm Property (Councillor T. Davies)

Councillor Davies asked if the City had any plans for the Yarrow Youth Farm piece of land.

City Manager Totland referenced the Kensington Neighbourhood Concept Plan and indicated that the neighbourhood is currently being developed. Yarrow resides within that development. When the Concept Plan was developed, it was anticipated that Yarrow may have to be moved. An overlay was developed which replaces Yarrow with more of the residential fabric and urban development that would be compatible with the rest of the Kensington neighbourhood.

7.5 Snow Removal (Councillor T. Davies)

Councillor Davies asked when load out of snow would occur on Priority 1 Streets, and maybe Priority 2 as well.

General Manager, Transportation and Utilities Jorgenson advised that Public Works is planning to look at the site distance problems first versus a city-wide load out of Priority 1 and 2 Streets.

Councillor Davies further asked if school zones have been cleared. Mr. Jorgenson responded that all schools zones have been completed.

7.6 Archived Information on the Website (Councillor Z. Jeffries)

Councillor Jeffries asked if opportunity exists as part of the open data initiative or using something other than the website, such as a Wiki, to make the information available on an ongoing basis.

General Manager, Corporate Performance Gryba indicated that reports will be presented to provide a progress update since the launch of the new website. The reports are expected to contain information regarding how the City is addressing challenges encountered, positive outcomes, access to older information, final costs, etc.

7.7 Stonebridge Fire Hall Location (Councillor M. Loewen)

Councillor Loewen asked if there is an update regarding identifying land for the future Stonebridge fire hall.

City Manager Totland indicated that the Fire Chief is working on a report regarding this matter, along with a more broad redeployment strategy.
