## INTRODUCTION

City of Saskatoon administers cash grants to community groups in the areas of social services and environment in order to enhance the quality of life in Saskatoon.

To be eligible for the environmental component of the grant, activities must meet a demonstrated community need that is supported by the City and relate to one of the following categories:

- environmental stewardship;
- climate change mitigation and/or adaptation;
- water conservation;
- waste reduction and/or diversion; and
- environmental education and/or awareness.

A total of \$30,000 is allocated in 2019 to local non-profit organizations implementing initiatives that support the City of Saskatoon's strategic goal of Environmental Leadership, with \$10,000 of this total allocated specifically to projects that relate to protection of our water resources and \$10,000 to projects that relate to waste diversion.

The Environmental Grant is directed by [City of Saskatoon Council Policy C03-018](#).

## WHO CAN APPLY?

To be eligible for support, your organization must:

- Be registered under one of the following categories and comply with its provisions:
  - the *Non-profit Corporations Act* of the Province of Saskatchewan
  - the *Co-operative Act* of the Province of Saskatchewan
  - charitable status regulations of the Canada Revenue Agency
- Serve the needs of Saskatoon residents and have membership that resides within the geographical boundaries of the city. A national or provincial parent body of a local branch may qualify for funding provided the application relates to a program specifically targeted to Saskatoon's environment. If your organization is the Saskatoon chapter of a provincial or national organization and is not incorporated in its own right, you can apply for funding if you include contact information for the provincial or national parent organization, including the incorporation number, so that the grant payment can be made out to the incorporated organization.
- Have an independent governing body composed of volunteers. This board will be held responsible for the effectiveness of services provided and financial accountability for assistance received.

## WHO CAN'T APPLY?

- Community groups that exist primarily for political or sectarian purposes.
- Community groups providing third-party funding that exist for the primary purpose of fundraising or providing assistance to other groups.

## ELIGIBLE PROJECTS AND EXPENSES

Priority will be given to:

- projects rather than operational funding;
- partnerships that involve more than one group;
- projects that have a broad (e.g., city-wide) rather than a limited (e.g., neighbourhood) impact; and
- projects completed in the year funding is awarded.

Operational funding requests will only be considered if insufficient project-based applications are received. Preference will be given to organizations that did not receive funding in the previous year.

## INELIGIBLE PROJECTS

Funding is *not* available for:

- capital projects (e.g., purchase or construction of new facilities, or renovations to existing facilities);
- third-party funding;
- duplication of funding already provided (e.g., projects funded previously through the Environmental Grant program or projects funded through other City of Saskatoon sources).

## RESTRICTIONS ON GRANTS

- Funding requests should not exceed \$10,000, and the grant will fund no more than 50% of any project budget.
- Organizations that received previous funding but have not submitted the required summary report by the application deadline, will not be considered for funding until the reporting requirements are met.
- An organization will receive only one grant per year under this program. Organizations may consolidate multiple project funding requests into one application.
- Assistance will not be provided to fund accumulated deficits or program shortfalls.
- City of Saskatoon will not replace financial assistance that was previously provided to the organization by senior levels of government.

## EVALUATION CRITERIA

The adjudication committee will use the following criteria to evaluate applications – please refer to the guidance on pages 4 and 5 of this document (Part A/ Project Information and Part B/ Project Budget and Financial Information), regarding the information to be submitted with your application:

- Does the organization meet the eligibility criteria set out above?
- Rated evaluation criteria include the following:
  - Community Need – degree to which the proposed project meets a demonstrated community need that is supported by the City (i.e., support of City of Saskatoon’s goal of Environmental Leadership, as outlined in the City’s [Strategic Plan 2018-2021](#)).
  - Impact/Effectiveness – priority shall be given to those projects or programs which impact the largest number of people in the community (i.e., level and quality of public awareness).
  - Volunteers – community groups with a large degree of community volunteer involvement, both for the proposed project and within their last fiscal year, shall be given priority.
  - Other Funding Sources – the community group’s ability to generate funds from other sources (e.g., senior levels of government, private donations or general charges/fees).
  - Overall Quality of Application – considers all the above criteria, as well as those that set the proposed project apart from the other applications (e.g., environmental impact, creativity/innovation, feasibility, ability to project manage and measure success, etc.).

## ACKNOWLEDGEMENT

Grant recipients are required to acknowledge they have received support from City of Saskatoon.

## PAYMENT

Upon notification of award, a cheque for the allocated amount will be issued to the organization for the project approved.

## REPORTING

Recipients of funding are **required to submit a final report** on the activities financed by the grant. The report should highlight the results of the project, how the funds were spent and if the outcomes met the organization's expectations. A project budget summary must also be submitted, indicating estimated vs. actual expenses and revenue for the funded project. Invoices and/or receipts for project expenses may be requested, so please keep copies of all invoices and/or receipts. Applications for funding will not be considered until the final report for a previously funded project has been submitted.

## SUPPORT MATERIAL

Please do *not* provide additional support materials beyond what is requested. The material will *not* be circulated to the adjudication committee members.

## CITY OF SASKATOON – ENVIRONMENTAL LEADERSHIP

City of Saskatoon [Environmental Policy \(C02-036\)](#) addresses the City's role and responsibilities in managing its impact on the environment. This policy commits the City to becoming an environmentally sustainable community.

In addition, City of Saskatoon has adopted several plans outlining its approach to environmental protection for the coming decades, including the:

1. [Strategic Plan 2018-2021](#);
2. [Green Infrastructure Strategy – Baseline Inventory Report](#);
3. [Waste Diversion Opportunities Report](#); and
4. [Low Emissions Community Recommendations Report](#).

Applicants are encouraged to review these plans and reports to better understand the environmental goals and objectives of the City of Saskatoon.

## PART A – PROJECT INFORMATION

1. Please provide a brief description of the project (i.e., what are you going to do?).
2. What are the objectives of the project, and how do these objectives support the Environmental Leadership goal of the City of Saskatoon's [Strategic Plan 2018-2021](#)?
3. How will success be measured, and how will you know if the objectives of the project have been met?
4. How will the project increase awareness or understanding of an environmental topic, and who will benefit from or be influenced by the project?
5. Who will be involved in implementing the project (i.e., # of staff, # of volunteers, volunteer roles and volunteer hours for the project, etc.)?

## PART B – PROJECT BUDGET AND FINANCIAL INFORMATION

Please indicate the estimated expenses and revenue sources for the entire project. *Do not complete the shaded 'Actual' column unless you are submitting a follow-up report.* Indicate confirmed **revenue** with an \* (asterisk); and if known, indicate **expenses** the grant will be used for with an \* (asterisk).
